

### **The School**

The Obersee Bilingual School is a state-recognised private bilingual day school with a future-oriented and innovative bilingual (English / German 50:50) curriculum from Baby Care to the Upper School grades. OBS pupils are encouraged to ask, to research, to think independently and to take responsibility.

Highly- qualified teachers maintain the child's curiosity through contemporary teaching methods.

Our Upper School prepares motivated young people for the Swiss Matura and the IB Diploma with a goal-oriented approach combining the input and a learning studio model. A well-balanced combination of shared and individual learning helps students to reach their full potential. Regular individual coaching by a teacher completes the supervision.
